Why Sailfish?

Buying a new boat is a major decision for most people. Function, value and performance, are essential. We believe Sailfish Boats offer the best combination of these important essentials on the market today.

No shortcuts are taken in the construction of Sailfish Boats at any step of the way. Using the strongest laminates available in the industry, we feel Sailfish Boats are the most durable product available at any price.

All hardware is of marine grade stainless steel, a must in salt water, and heavy enough to do the job intended for years to come.

You'll find more standard features on every Sailfish, than any boat in its class, features that work, day in and day out. Compare our product with any boat in America, not only in the showroom, but on the water, you'll feel and see the difference.

Why Sailfish?

BECAUSE IT'S NOT ALWAYS NICE OUT THERE.

Performance, safety and durability are the trademark of the Sailfish SF 150. Features include built in fuel tank, one piece welded stainless steel rails, integral live well, and multi function console. XL model 150's have a front seat built into the console, with storage below. CC models have compact consoles without the integral front seat. All models are equipped with cooler seating behind the console, rod holders, and trolling rod sockets.

SF 176 CENTER CONSOLE

Centerline	17' 6"
Beam	92"
Draft	14"
Transom Height.....	20"
Fuel capacity	65 gal.
Average weight.....	1500 lbs.

The Sailfish SF 176 is the biggest little boat in off shore fishing. Continuing the proven multistep hull design, you'll find big boat performance in a small boat package. With standard live well, fish boxes and 65 gallon fuel capacity this boat is designed to do big things. The self bailing hull design and low maintenance gel coat finish makes the SF 176 center console easy to use and easy to keep. The multi function console offers ample storage and plenty of room for electronics. Standard cooler seating, rod holders and self bailing cockpit make the SF 176 a steller performer.

One look at the SF 190 dual console and you'll see why it's the perfect mid range family fishing boat. Dual fish boxes are insulated and do double duty as built in coolers. Dry storage under both consoles holds fishing gear as well, as picnic lunches and supplies, and the 65 gallon fuel tank takes you well offshore or on a long leisurely cruise. Built with traditional sailfish quality, with the same features standard to the Sailfish line, the SF 190 dual console has proven to be the first choice in the midrange family fishing boat throughout the country.

SF 200 CENTER CONSOLE

Centerline	20' 2"
Beam	7' 7"
Draft	12"
Transom Height.....	25"
Fuel capacity	65 gal.
Average weight	2000 lbs.
H.P. Range	110-225 hp.

The Sailfish SF 200 center console offers the proven performance of multiple angle deadrise hull design, with the serious fishing features mandatory for offshore use. Self bailing full fiberglass deck design, positive flotation, and fully functional console. Along with timer controlled aerated live well, two huge fish boxes, 65 gallon fuel capacity make the SF 200 as practical as it is rugged. Complete with stainless steel rod sockets, vertical rod holders, stainless bow and stern lift rings, and stainless steel cleats and hardware the SF 200 is built to last in the harsh environment of offshore fishing. Available in both the XL and CC models the SF 200 offers superb ride, handling, and durability, in a good looking, well laid out package.

SAILFISH POWERBOATS

MODEL SF 230-235	
Centerline	23' 6"
Beam	8' 6"
Draft	16"
Fuel capacity	108 gal.
Average weight	2800 lbs.
H.P. Range - Single	150-250 hp.
H.P. Range - Twins	300 hp.

BIG That describes the Sailfish SF 230 series of boats. Deep sides, wide beam and room for everyone you know. Twin 90 gallon fish boxes, ample live bait storage, multi function console, and enough storage for any thing you care to take with you, makes the 230 series Sailfish the ultimate offshore boat in its class. The SF 230 is available in single or dual engine configuration with 25" transom. The SF 235 is a full transom boat with engine bracket, overall length of the 230 is 23' 6". The 235 is nearly 27' with engine installed. Heavy duty all the way around, the 230 series will not only get you there, it will bring you back every time.

The SF 160 Pro Flats boat incorporates the latest in shallow water fishing technology, for quiet efficient operation when stalking the flats. Wide walk around gunnwales allow easy movement and provide recessed rod storage underneath, where rods are protected. The 35 gallon live well keeps the most fragile of bait alive and healthy, and multiple fish and storage boxes keep gear off the deck and out of the elements. Flush mounted hardware and cleats keep your fishing area clear and snag free. Available poleing platform, and push pole make the SF 160 a complete flats fishing package.

SF 160 PRO FLATS

Centerline	16' 7"
Beam	91"
Draft	8"
Fuel capacity	30 gal.
Average weight	750 lbs.

SF 180 PRO FLATS

Centerline.....	18' 6"
Beam92"
Draft8"
Fuel capacity	30 gal.
Average weight.....	875 lbs.
H.P. Range	85-150 hp.

The Sailfish SF 180 Pro Flats is the ultimate in shallow water fishing boats, with the standard features necessary to work the flats and inshore fishing areas. Twin 20 gallon live wells with rounded corners keep even the most fragile bait alive. Huge front and rear fishing decks, with recessed lids and fittings make for snag free fishing and allow for walk around room necessary to work big fish. The large cockpit area has ample room for tackle boxes and gear, and provides for rod storage in the built in rod holders. The low profile of the Sailfish SF 180 allows you to fish the shallows in windy conditions without being blown around, and makes poleing on sneaking about in shallow water quiet and easy on the fisherman. Test drive a Sailfish today, you will find them practical and functional.
