

# SAILFISH

DEMAND THE DIFFERENCE

DEMAND THE DIFFERENCE

For over 25 years, Sailfish has provided the saltwater enthusiast with a full line-up of reliable, stylish, and user friendly boats capable of withstanding the rigors of the inshore and offshore environments.

#### DEMAND THE DIFFERENCE

is more than just a slogan; it's a strategy to exceed customer's expectations. With a CSI rating always in the top 10 percent, and winner of the NMMA CSI Award 5 years in a row, customer satisfaction is a hallmark of Sailfish ownership.

At its core, Sailfish is a fishing boat – designed by anglers for anglers – loaded with more standard equipment for anglers than any other boat on the water. Multiple rod holders in front and rear, insulated fish boxes, and built-in tackle storage are just some of the fishing friendly features that you'll find on every Sailfish boat.

Still, anglers do not live by fishing alone, and for that reason a Sailfish is designed to be a hard-core tournament fishing boat one day and a versatile family fun boat the next day. With comfortable full bow seating, stow away tables, abundant storage space and a retractable ski tow bar for skiing or wake boarding, makes for an exciting family day on the water.

With a reputation for quality and a history of innovation, Sailfish continues to be one of the premier saltwater fishing boats on the market and the best overall value. When it comes to your boating investment, shouldn't you DEMAND THE DIFFERENCE?

## Intelligent Ergonomic Design

The fact that Sailfish Boats seem to just “work” better is no accident. From the ergonomic layout of the helm console to the deep gunwales and wide walkways from front to rear, every inch of every Sailfish model is planned and thought through for maximum utilization of available space. From strategic seat heights and raised footrests to strategically placed controls and instrumentation, everything is located to provide maximum ease of operation. That's a “DIFFERENCE” you can feel every time you get on board.

## Quality Construction – Built To Last!

Each Sailfish is quality built using only the best materials and proven manufacturing techniques – from start to finish there are no shortcuts taken in the manufacturing process. The fiberglass hulls are kept in their molds for a full four days to allow them to cure. Kevlar® & carbon fiber reinforcements are added for durability, and the entire stringer system is foam-filled for added safety. Many standard features – such as rod holders, live wells and tackle storage compartments are molded directly into the boat for greater durability and ease of use. Our exclusive raised-dot, non-skid surfaces make for easier cleaning and maintenance – without back-breaking scrubbing on your hands and knees. All these “DIFFERENCES” are starting to add up.

## Unmatched Fit & Finish

It's the little things that make the difference between a good boat and a great boat. All Sailfish boats are finished using the best available gelcoats, masterfully applied and polished to a bright shine. All hinges and deck lids are recessed into the mounting surface leaving nothing protruding to stub your toe or cut your feet when barefoot. Cup holders, storage compartment latches, light fixtures, instruments are securely installed and inspected. Our quality control is second to none;

each Sailfish boat is painstakingly examined for flaws and imperfections before it leaves the plant – this attention to detail is another “DIFFERENCE” that separates Sailfish from other boat builders.

### There Is Simply No Safer Boat On The Water.

From the 2180 to the 3180, Sailfish models offer the greatest cockpit depth in the industry, keeping water out and people in. Sailfish boats also feature the largest recessed, self-bailing cockpit drains in their class, allowing the maximum amount of water to exit the deck providing an extra measure of safety. Our standard strategically placed bow rails allow users to lower their center of gravity and better maintain balance during pitch and yaw. An integral rear telescoping ladder is standard on all 21 to 31 foot Sailfish models – this allows for easy access outside the boat – now that’s a “DIFFERENCE” that can save a life.

### 100% Yamaha PowerMatched™ Components

All Sailfish boats are equipped with powerful, fuel-efficient Yamaha outboard motors and feature genuine Yamaha PowerMatched™ rigging components as standard equipment. On all models twenty-one feet and up, this feature extends rigging component warranties for a full three years. Compatibility means dependability – another Sailfish “DIFFERENCE”.

### Sailfish Owners Are Raving Fans

Sailfish is the flagship brand of the Seminole Marine Group, a 25-year old, family owned boat building company with a reputation for quality and customer service. Sailfish has grown to be one of the largest saltwater boat manufacturers in the nation by producing quality products and delivering excellent customer service. Sailfish owners are raving fans who understand the “DIFFERENCE” and plan for their next boat to be a Sailfish as well. Are you ready to join the Sailfish family?

## Exclusive VDS Hull Design

Only Sailfish boats feature the exclusive Variable Deadrise Stepped Hull – that improves lift and stability giving Sailfish Boats a smooth ride for all day enjoyment.

### Three Hulls in One:

- The first hull cuts the water.
- The second hull combined with turn down strakes creates lift.
- The third hull creates stability.

# 3180 CC

Serious offshore capability and dazzling style make the NEW Sailfish 3180CC the best performing big water boat we have brought to market. Our VDS hull design is the softest riding, driest hull in Sailfish history and the multiple deadrise, variable lift plane running surface, makes the 3180CC both responsive, and extremely agile for a boat this size. But beyond the standards lies the real heart of Sailfish design, function, comfort, and practical ergonomics. Look over other brands in this size range, we think you'll agree that the Sailfish 3180CC is the best of the best, and represents the clear choice in offshore fishing boats available at any price.

# 2180 CC

The sailfish 2180CC is the highest performing 21 center console on the market. Talk to anyone who owns a 2180CC and you'll find a true believer in the brand. Capable of handling the roughest conditions you can imagine, the 2180CC sets the standard for all other boats in the class. Equipped for fishing or family fun, the 2180 is ready to go. Ample standard equipment along with multiple options and accessories allow you to have the boat of your dreams, in a package that's easily towed and as versatile as it gets. Test ride one today, you'll see what we mean.

# 2080 CC

The Sailfish 2080CC has delighted anglers and families for nearly 20 years. The most versatile boat in the line up, the 2080CC works as well offshore as it does on the flats. Classic design, functional standard equipment, and a variety of optional accessories allow you to customize your 2080 to your exact needs. Don't let the size fool you! Many expert anglers swear by the 2080; it's a lot of boat in a very manageable size.

# 2100 BB

Want the most versatile 21-foot bay boat on the market? The Sailfish 2100BB is for you. This boat is adaptable to both fresh and saltwater elements – inshore or offshore. The aggressive 18° deadrise hull means a soft ride in big water. The wide beam gives you the advantage in shallow flats draft waters or deeper waters on the bay. The 2100BB is an angler's dream with features like large front and rear casting decks, 12 rod holders, multiple storage locations, and the capacity of three live wells. The 2100BB can be tailored to fit with multiple helm seating styles to meet and exceed your expectations.

| SPECIFICATIONS      | U.S.      | METRIC   |

# 1900 BB

The Sailfish 1900BB redefines the multipurpose bay boat. An aggressive 18° deadrise hull with 21" deep sides, standard 16-gallon bait well, optional catch and release live well, and abundant storage means you're ready for a full day fishing trip. The 1900BB is, by far, the most versatile boat in its class with seating capacity for 5 and easy access built-in boarding ladder. It doesn't matter if you're a weekend warrior or a professional angler, at the lake or in the bay, inshore or offshore the 1900BB gets the job done.
